

“Being able to refer our Blue Water Grille to our tenants, makes our job easier. They are always professional, on-time, and the food is outstanding.”

-Lynn Underwood

The Centers of High Point

We have hosted many large charity events at Linbrook Hall over the past four years for St. Jude Children’s Research Hospital and the Victory Junction Gang Camp, among other notable and deserving charities. Blue Water Grill has become our caterer of choice providing an exceptional dining experience for each event. The quality of the meals and service are critical to the success of all fundraising events and Blue Water Grill has never disappointed. Local celebrities such as Lynda and Richard Petty and other elite guests such as Charlie Daniels and his wife are among those who expressed high compliments to Blue Water Grill. Beyond catering, we visit the restaurant as often as possible to enjoy the same level of quality and service. We look forward to many successful events with their creative and exciting catering in the future!
